

# ANNOUNCEMENT

## Hotel opening postponed

**DHM - Discovery Hotel Management** has been monitoring all developments related to the pandemic caused by COVID-19, as well as the guidelines from the health authorities and the Portuguese Government. Therefore, several hygiene, safety and team training measures were applied, in order to contain the spread of the virus, as well as to ensure the health of our customers and employees.

Taking into account the recent developments, as well as the new guidelines following the State of Emergency declared by the Portuguese authorities, allied to the increasing limitations related to the movement of people or the control of land and air borders, **DHM - Discovery Hotel Management** decided to postpone the hotel opening. The new opening date is yet to be decided and announced (subject to constant reassessment).

This decision has not been taken lightly and is aligned with the measures and restrictions imposed by the authorities, which we accept and understand in accordance to our sense of responsibility, to the several social awareness actions and to the defense of public health.

Throughout this process, DHM's main concern and priority is and will always be the safety and well-being of everyone with who and for whom we work daily, from employees to customers and partners.

All guests with reservations made for stays during the closing period will be contacted and given the possibility to change their booking dates to another period this year (upon advanced reservation and availability).

For any topic related to dates rescheduling or the impossibility of booking in a later period, please use the reservations' channels of the hotel:

**Email:** [reservas@edenresort.pt](mailto:reservas@edenresort.pt)

**Telephone:** 00351 289 243 000 (from 9am to 6pm)

As soon as our hotels open again, we will inform in advance and prepare ourselves in the best possible way to welcome you as always - with a wide smile.

We are confident that together, with an enormous spirit of responsibility, solidarity and mutual help, we will soon overcome this global scale challenge.

Thanks.

**Daniel Gama**

General Manager of Eden Resort
